

P3I, INCORPORATED AWARDED PASS II HNC TASK ORDER

HANSCOM AFB, BEDFORD, MA- March 12, 2015

P3I, Incorporated, a leading provider of Advisory and Assistance (A&AS) Services at Hanscom Air Force Base (HAFB), announced today its recent award of the Professional Acquisition and Support Services II (PASS II) Task Order to support the Cryptologic and Cyber Services Division (HNC) in San Antonio, Texas. Their PASS II Team consists of P3I, Jacobs Technology, MTS, and BMK Consultants.

HNC is the nation's premier provider of Cryptologic and Cyber products and services for a wide array of Air Force (AF), Department of Defense (DoD), and other key national agency operational partners. Organizationally, HNC is a geographically separated unit of the Hanscom AFB, MA, Air Force Life Cycle Management Center (AFLCMC), Program Executive Officer for Command, Control, Communication, Intelligence, and Networks (PEO C3I&N) Directorate (AFLCMC/HN).

The Cryptologic and Cyber Systems Division (CCSD) is a one-of-a-kind Air Force activity which provides life-cycle management for information assurance and other critical systems. The division's primary mission is Cyberspace Support; specifically responsible for technology development, acquisition, sustainment, and demilitarization of cyber security systems/products. HNC provides mission assurance by ensuring warfighter access to the information systems and its products, while simultaneously denying adversaries access to the same. The CCSD also provides product support to other critical AF/DoD/national force protection and intelligence systems required by the nation to mobilize, deploy, support, and sustain operations.

"This PASS II Task Order award is a tremendous opportunity for P3I to grow and expand its' scope of support to the AFLCMC across the country. This is a true Team win."

–Janice P. Guy, President and CEO of P3I.

P3I's Transition Manager, Patricia Thomas-Fuller, and P3I's Program Manager, Mike Lademan, will travel to San Antonio shortly to meet with Government customers on site. P3I will also be hosting a town-hall meeting; details to follow. Personnel interested in supporting HNC and learning more about P3I are encouraged to attend this town-hall meeting to meet with P3I management. HNC Job openings are now posted on the Careers section of P3I's website at: <https://www.p3i-inc.com/careers>.
